The first three schemes referred to in the Govt. of India telegram are not applicable to the Canal Irrigation and no provision is necessary.

2 As regards the 4th, hostels or residential arrangements for Colleges and Secondary Schools, a Grant of Rs. 30,000 was sanctioned in Oct. last towards the purchase of 'Stafford House' for the use of the Bishop Cotton Girls' School, Bangalore. & in part of payment of this Grant, a sum of Rs. 8000 was also paid from the Current year's budget, leaving a balance of Rs. 22,000 still due. As the Grant applied for was mainly for Civil and was payable only in ~~two~~ instalments, ~~no further~~ provision has been made for any such of this balance has been provided in the next year's budget.

general scheme. A lump sum provision of Rs 2000 has been made in the next year's Budget for meeting the demand for grants-in-aid of the elementary schools newly admitted to aid, & it is not known whether the S. of S. will allow this provision to stand.

4. In July 1909 Mr Richards made certain general suggestions for raising the tone of elementary education in the Native. The financial effects of the proposals were not calculated & are apparently not necessarily a portion to be submitted any scheme for the improvement of elementary education, which would not involve increasing expenditure. The question of what measures should be adopted for improving ~~Presidency~~ primary education is now engaging

respect of Native schools & European schools is as stated.

The proposed grants for 1912-13 are Rs. 12,630 and Rs. 49,570 respectively against Rs. 11,060 and Rs. 49,820 in the current year's ~~sanctioned~~ budget. The increase of Rs. 1570 under 'Native Schools' is ~~partly~~ mainly due to larger expenditure consequent on the ~~new~~ Reorganization of some of the Schools in the Station ~~and partly due to the increased payment of grants to some schools under rule 35 of the Govt. in aid Code for Native Schools~~; while the decrease under 'European Schools' is based on the actual grants ~~sanctioned~~ fixed for the current year.

2. The general revision of the System of Elementary Education is now under the consideration of the Govt. of India. It is not known what amount will be needed for the ~~Elementary~~ improving

Education in the Cantonment Station of Bangalore.

~~The D.P.I. has proposed a sum of Rs. 2000 in the budget for this purpose and if the amount is found insufficient a supplemental grant will be applied for.~~ When a definite scheme is received, the matter might be considered.

3. The sanctioned allotments for 1911-12 under 'Building and Furniture Grants' and 'Boarding grant to European Schools' may be repeated for next year. ~~Of the applications for building & furniture grants are pending with the~~

~~Hence it is proposed to meet this expenditure from the amount available in the current year's budget.~~

SUBJECT.

Education Budget for 1913-1914.

In the disbursement an increase of Rs. - 37,510 has been proposed over that of the current year's budget and is almost made up of the following items, ~~of which the chief are~~ : -

(a) Grants to European Boys' and Girls' Schools. Increase Rs. 5,180 due to increased attend - ance.

(b) Lumpsum provision for Elementary Schools - Rs. 10,000 sanctioned by the Govt. of India.

(c) Stipends to teachers being trained at Madras Rs. 5,090 .

(d) Building and furniture grants. Rs. 14,000

(e) Boarding paid to European Schools Rs. 3000 to meet the actual requirements.

With the exception of items (c) & (d) the others

S. I. R. P B.—11-1911.—5,00

others call for no remarks and may be passed.

As regards item (c) the Director of Public Instruction proposes Rs. 6,000 for stipends to teachers under training as against a provision of Rs. 1,000 during the current year. The increase of Rs. 5000 is due to (1) current year's allotment being inadequate and (2) to an increased number of applications anticipated owing to the opening of a training class in the Station. During the year 1911-12 the actual expenditure was Rs. 3,348 and during the current year four applications were refused for want of funds. The Municipality is going to open a training class. This is estimated to cost Rs. 14,400 for 3 years ~~or Rs. 4,800 a year~~ and is intended to train 20 teachers for municipal schools and about ~~Apparently the Municipality will have to find this~~ - - 30 teachers for aided elementary schools ~~money: the training class will however be utilised~~ For the latter ~~by other applicants and for those~~ provision will have to be made in the Assigned Tract Budget. - - Taking this into consideration and the actual expenditure during 1911-12 it seems that we may provide Rs. 6,000 as proposed by the Director of Public Instruction and include it in the special - - statement.

As regards (d) an increase of Rs. 14,000

is proposed for the supply of furniture for European Schools. Such grants can be made under Section VIII of the Code for European Schools. The estimate is apparently based on the requirements of the various schools. It is doubtful whether it will be passed especially ~~this year~~ if the - - - large building grant we have asked for certain schools is given this year. However we may enter it and include it in the special statement.

Papers sent to Ooty.

The proposal to appoint a whole-time Inspector of Schools for the Civil & Mily. Station and Coorg is under consideration and the extra expenditure involved in this case will be included in the special statement.

The non-recurring grant of Rs. 50,000 sanctioned this year for improving the Elementary Education is debited to '45 Civil Works' of the ~~existing~~ Assigned Tract Budget and the balance of Rs. - - - 36,000 sanctioned for next year for this purpose will be provided under the above head.

Vide A.G's instructions to the Try. Officer. (file sent to OOTY)

See my note re the budgets of the C & A.T.

I agree with the above. I am not sure how far we can utilise these special items without going up definitely for sanction. We will probably have to make a reference to Govt. in regard to

the proposed training School. I doubt if it is wise to provide any money for this purpose at of the Rs 80000/- Grant for buildg & equipment. We will however receive a further reference on this point from the President.

Sir,

With reference to the telegram dated 13th instant from Government of India, Department of Education, to the Chief Commissioner of Coorg communicated to me in U. O. - Reference 226 dated 18th instant, I have the honor to submit proposals drawn up in consultation with the Sub-Assist. Inspector of schools and with the managers of most of the Educational Institutions in the Station together with -- letters applying for allotments. I have grouped the proposals under the heads specified in the Government of -- India telegram in what I consider the order of merit under each head with my remarks.

2. The proposed allotment for 19,000/- for the -- Municipal Hindustani school and the proposed allotment for the Kannabhiran school will be placed before the Municipal Commission tomorrow morning.

I have the honor to be,
Sir,
Your most obedient servant,

Collector & District Magistrate.

R. P. B.—6-1910.—200.

1. Technical School:-

The Technical School attached to R. B. A. N. M's charities is the only institution of its kind in the station. It supplies more than a local want as good many students come from outside Bangalore. The accommodation is insufficient and a hall for the drawing class is absolutely required. The supply of furniture, apparatus and appliances is also wanting.

The hostel attached to the Technical school has not got a Competent warden to supervise the students efficiently and this is due chiefly to the want of residential quarters for the warden. The following extract from the last Inspection report is submitted for information:-

" The accommodation is insufficient as also the supply of apparatus and appliances for efficient ~~teaching~~ instruction. The hostel requires development. * * * * * ".

2. Elementary Schools for Boys:-

The only school under Public management is the Municipal Hindustani School. It is very badly housed and repeated suggestions to provide the School with a suitable building have not been Carried out for want of funds. It is a

Boring.

growing school and its growth is being impeded by want of suitable accommodation and a properly qualified staff - The pay of the teachers may be advantageously revised as follows so as to attract the services of qualified teachers

	Present Salary	Proposed Salary
Headmaster	20	20 - 1 - 25
1st assistant . . .	15	17½ - ½ - 20
2nd do	8	15 - ½ - 17½
3rd do	7	12½ - ½ - 15
4th do	"	10 - ½ - 12½

There are at present only 4 teachers for 5 classes, Infant to IV. and it is highly necessary that there is a teacher for each class. No provision has been made for teaching Drawing and Drill which is now being done by the Municipal Instructor

The Correspondent of the Wesleyan Schools has fully explained the necessity for a school-house at Yellagondapalyam. The Wes: mis: School is the only School in the locality and it deserves every encouragement - The School is at present very badly housed -

The Panchama school at Tirvoor attached to R. B. A. N. M's charities is at present located in a dwelling-house which was purchased by the donor. It requires thorough alteration - The

Institution is supplying a real want in the locality and is deserving of every encouragement. No fees are charged and the boys are supplied with books and clothing gratuitously.

The Ramakrishna School in Bamboocherry is a Panchama School started by a Panchama who has taken up the profession of teaching. It is attended by about 30 children. The teacher-manager finds it very difficult to provide the School with a suitable building ~~at a Cost of Rs 1500/-~~ and the Institution may be given a building at Govt Cost. It may also be taken over under public management with a staff of 2 teachers of whom the present man may be the Headmaster on a salary of Rs 12/-

The members of the Nataraja Thirusabah, in the Seppings' Road, are very anxious to have a Girls' School for Indian Girls irrespective of Caste or Creed and they are handicapped for want of a Suitable ~~Sight~~ site and funds to Construct a suitable School-house. A reference for the grant of a ~~Sight~~ site for the Construction of a School-house is still pending disposal with the Presidency. There is a boys' School, in the Seppings Rd

Conducted by the Subah and it is doing very good work - A building grant of Rs 1500/- may be granted to the Subah for Constructing a Girls' school which is a great want in that portion of the Station.

3. Elementary Schools for Girls:-

The Wes: mis: Boarding Girls School is a Higher Grade Elementary School teaching upto Standard VII. It has a European Lady Superintendent and the Correspondent has explained the necessity for providing her with residential quarters.

Govindammals Girls' School:- This is the only Girls' School at Ulsoor for Caste Girls and is one of the General Institutions attached to R.B.A.N.M's charities. Free instruction is given in the School and the Girls are supplied with the materials required for needle-work. The Correspondent has explained the necessity for thoroughly overhauling the roof. The Sanitary arrangements are also defective.

With 2 plans.

From the Rev. F. Goodwill, Manager of the Wesleyan Mission Tamil Schools, Bangalore.

Jany. 21st., 1911

To the Sub-Asst. Inspector of Schools,
Bangalore.

Sir:-

I have the honour, in continuation of our conversation this morning, to forward herewith two proposals for the erection of buildings in connection with the schools of which I am manager.

1. A scheme for the erection of residential quarters for the lady superintendent of the Girls' Boarding School, Cleveland Town, in connection with the present school building, on the East Side. The plan forwarded herewith shows a living room below and one above, with kitchen and store-room below, and dressing room and bath room above; also verandah on the South side. I think this is the minimum required for residential quarters. Such a scheme would bring the lady into much closer touch with the life of the girl boarders, and such contact has been proved of infinite value in all hostels etc.

Time does not suffice to show the front side elevation of the proposed additions; but it would be very simple, and in continuation of the gable roof, and lean-to verandah roof, of the existing building, and would be in the same style.

I have gone with great care into the estimate, and if the work were carried out on the lines approved for the recent rebuilding of the school-room, i. e. lower story of stone in chunam & upper in brick in chunam plastered; steel girders and joists and floor of Indian patent stone; roof of double Mangalore tiles; all woodwork of best teak— I calculate that the cost would be Rs. 3100 (three-thousand one hundred rupees). I have all standard rates at hand, and this estimate is an exact one.

2. A scheme for the erection of a school-room in Yellagonda Pālayam, on the outskirts of Shulei. The school-room to consist of two rooms each 18x 12', with a verandah 6'x 12', on the lines of the

plan sent herewith, the portion outlined in red representing both in the ground and the elevation plan my idea of the building. It would be a neat and convenient school.

That building, with stone in chunam foundations, brick in chunam superstructure, Mangalore tiled roof, with all woodwork in teak, and tiled floor would cost Rs 1500 (Fifteen hundred). This is the estimate submitted to and approved by the Mysore Government for a school of this size, to be built on the outskirts of Bangalore, within the past two years, and is not a guess but a definite figure.

3. I believe Sir, that the financing of these two schemes would greatly further the cause of Elementary education. The first scheme benefits the Tamil community of the servant, ~~and~~ trading and petty-official-classes.---The second (relating-to-a-village-in-which-is a flourishing-school but no school building and no suitable building available) would benefit the Telugu, Kanarese & Tamil classes together, the people being farmers, traders and officials. I have great pleasure in commending them to your favourable consideration.

I have the honour to be, Sir,

Yours most obediently

Sir,

I beg to submit that the building of the Ulsoor Thuruthalthar School is not quite suited for school purposes and it requires thorough alteration and improvement. This institution is a free institution in which no fees are charged and the students are supplied with books, slates and clothing at periodical intervals. The management has found it very difficult to carry out the suggestion of the Inspecting officers on account of its limited resources. The alterations etc. will cost about Rs 2000/-.

SECRETARY'S OFFICE.

Bangalore, 191

The Girls' School under our management is the only institution intended for caste girls in Vellore. The building is a very old one requiring improvements such as re. roofing etc. The cost of it will be about Rs 2000/-

Both these works are of a very urgent nature and I hope that Government will be pleased to sanction the amounts applied for.

Plans & estimates will be submitted on receipt of the sanction of the grants.

To

The Sub Assistant Inspector of Schools,
C't M Station, Bangalore.

Sir,

With reference to our conversation, regarding the Special Grants-in-aid of Technical and Elementary Schools, I beg to submit the following.

The Technical School has been growing in numbers and it supplies more than a local want. The present strength is about 60 of whom about 40 are students from the various parts of the Madras Presidency and Travancore. The accommodation is insufficient and it has been remarked so in every year's

years Inspection Report. The management has not been able to extend the building for want of funds and I beg to strongly urge the necessity for the extension. A drawing hall is absolutely necessary.

The following amount is roughly required to equip the school and extend the accommodation and I hope Government will be pleased to grant the amount out of the special allotment available for education.

(1). 2 Theodalites _____ 1200/-
(Patterns - "Y" and Everest-Theodalite)
(2) 1 Reversible Level _____ 350/-
(3) 1 Circular Protractor ___ 30/-
(4) 4 Chains 100' _____ 40/-
(5) 4 Do. 66' _____ 30/-
(6) 1 Clinometer _____ 50/-
(7) Building Drawing Hall 50'x30' outside } about Rs 3500/-

Sir,

I have the Honour to state that the Government seems prepared to render materials aid specially to deserving Elementary Schools with a view to enable them to improve upon their present condition.

This school is not large enough to accomodate its present strength. To quote your remarks of the last year, it is "insufficient and it is desirable that the Telugu girls in the Infant, 1st and 2nd Standards are taught seperately in another building." The surroundings of the present school building are not such as to facilitate its enlargement and much less the opening up of a school garden. I regret that at present the school has not a garden

P. T. O

though under the present Educational Code one seems necessary.

This is the only caste girls' school here and it has been working for the last 60 years. Its strength has been gradually and steadily increasing and I have strong reason to believe that it will continue to do so in future years. In fact applications for admission have to be regretted now merely for want of sufficient room. The only course open, seems to me to be, to purchase a site a fresh and construct a new Building so as to remedy the defects prompted out and to meet the other requirements of the Code.

The institution has an endowment of about Rs 5000/-. The income from the source and from fees and grants, is sufficient to meet the school expenditure only. And there is hardly any means to purchase another building or to build one a fresh.

Under the circumstances mentioned above. I have the Honour to request that you will be pleased to recommend

this institution for a special grant of Rs 5000/- for the purpose referred to above.

I have the Honour to be

your most obedient & humble Servt.

The institution is the largest caste girls' school in the station. It is attended by over 200 girls and is deserving of help. The interest from the endowment is hardly sufficient to meet the annual cost of maintenance

Sir,

I have the honour to apply for a 'special grant' for furniture apparatus & appliances &c. &c. for St. Euphrasia's Tamil School.

Considering that no Building Grant was applied for, although the cost of the new building amounted to Rs. 10,000, and that the newly recognised School needs complete Organisation I beg you to recommend it for a grant of Rs. 1000 at least.

A rough estimate of the furniture etc. is herewith enclosed.

Bangalore.

Sir,

In reference to your interview with the Rev. L. M. Blaise, principal of the Indian Section St joseph's College, I have the honour to inform you of my intentions in connection with St Louis Boarding School, so as to obtain a more spacious building and a boarding grant if funds are available for the purpose.

The present accommodation is inadequate and the probable cost of the proposed estimate would be Rs 8000.

a Hostel for Students (Hindoos) attending St joseph's High School (Indian Section) has been long felt, but for want of a suitable site, no steps have been taken so far towards providing what Government considers as an indispensable adjunct to any Indian Educational Institution. Now I have

a suitable site in view which I could purchase for Rs 6000. I estimate the cost of the building roughly at Rs 30000.

I have at present 50 Boarders for whom some small Boarding grant on the score of furniture and schooling might perhaps be sanctioned.

All these, if I mistake not fall within the scope of your enquiry; but I shall be happy to give you any other particulars which you might require.

Sir,

According to the information received from the Sub Inspector of Schools concerning a grant to be allotted to schools to help them buy necessary furniture etc I have the honor to submit the following to your Kind consideration :-

1. The latrines are far from being in a sanitary condition therefore they must be built in stone & cheunam on a new plan It will cost ~~Rs~~ 300.

2 The benches & tables in the school rooms are all old & in a bad condition as stated in the recent report of the Sub Inspector. To renew the same will cost about ~~Rs~~ 400

3. In connection with the school I have an orphanage wherein pariah boys are admitted. The number at present is 25. I have to provide boarding clothing etc; the expenses being supplied by myself as there is no grant whatsoever. The cost for each child amounts to ~~Rs~~ three & even this is insufficient. If some help were given it would be a great charity.

SIR,

With reference to Telegram dated the 13th January 1911, from the Government of India, Department of Education, to the Chief Commissioner of Coorg, I have the honor to submit, the Proceedings of the Special Meeting held this morning together with plans and estimates for the construction of a model Municipal Hindustani school.

2. The estimate is for Rs 22,000/- including a play ground. Towards it, the Municipal Commissioners are willing to contribute,

(1) the site of the disused Mutton Slaughter House with the Cattle Yard attached, valued at Rs 5000/-

(2) the materials of which the Old Slaughter House is constructed, the book valuation being Rs 2,000/-.

This would reduce the estimate by Rs 7,000/-.

3. The want of proper accommodation for the present Municipal school has been the subject of the strongest strictures on the part of the Inspector of schools, but the Municipality is not in a position to provide funds to remedy the existing unsatisfactory state of things; at present the school is housed in a rented building. The site proposed is an ideal one for the

the purpose and the contribution offered by the Municipality is substantial. The Muhammadan population of the Civil and Military Station is over 25% of the whole.

4. The Commission is not in favour of taking up the question of Primary Education for Panchamas. Hence the proposal for building a school for the Kannabhiram Thirusaba Patasala has to be dropped.

Proceedings of a Special Meeting of the Municipal Commission held at 8 A.M. on Wednesday the 25th January 1911.

The President read Telegram No.10 Education- dated the 13th January 1911 from the Government of India, Department of Education, to the Chief Commissioner of Coorg asking for proposals for utilising additional allotment under "Education" and put the following suggestions before the Meeting:-

(1) that a sum of ₹22,000/- be applied for, for the construction of a model Municipal Hindustani school and play ground on condition that the Municipality give a free site for the building, namely, the site of the disused Mutton Slaughter House with the Cattle Yard attached valued at ₹5,000/- and that the value of the materials of which the old Slaughter House is constructed which is estimated at ₹2,000/- be also set against the total sum, thus reducing the amount required by ₹7,000/-

This suggestion was seconded by Mr.Abdul Rahaman and carried.

The other suggestions made by the President were

(a) that a sum of ₹3,800/- be applied for the construction of a school for the Kannabhiram Thirusaba Patasala.

and (b) that 2 or 3 Primary Panchama schools be established for the Municipal Conservancy lines at a probable cost of ₹5,220/-

Mr.Annasawmy Mudaliar proposed and Mr.Armstrong seconded that the general question of Panchama Education be dropped. This was put to the Meeting and carried.

Sir,

With reference to your letter No. 2702, dated 5th May 1911, regarding the distribution of the current year's budget provision for Building and Furniture grants, I have the honour to state that the Inspector of European and Training Schools reports that for the European schools in the station Rs. 17,500/- will be required as shown below:-

1. Bishop Cotton Girl's High School.

Rs. 2000 (being the balance of the grant of Rs. 30,000 sanctioned in your letter No. 6277, dated 19th October 1910).

2. St. Agnes Poor School and the Training class attached to the Sacred Heart College.

Rs. 500/- (being the balance of the grant of Rs. 3500/- sanctioned in your letter No. 3742, dated 16th June 1910).

3. St. Joseph's College, Bangalore.

Rs. 15000/-(being the grant promised for in your letter No. 1761, dated 22nd March 1911)

2. The Inspector of Schools, Fourth Circle, reports regarding Indian boys' schools in the station, that (1) the R.B.H.N.M. High School requires urgently among other things a science laboratory estimated to cost Rs. 12000/- (2) the R.B.A.N.M. Technical school requires the Drawing hall towards the construction of which a special grant has already been sanctioned and drawn to be equipped at a cost of Rs. 1,000/- (3) the Ulsoor Branch of the R.B.A.N.M school is in need of better accommodation and furniture at an

estimated cost of Rs. 4,000/- and (4) the C.V.S. Subha school requires to be equipped at a cost of Rs. 500/-.

5. The Inspectress of Girls' Schools, Central Circle, states that no arrear grants of the previous year are to be paid. I beg to add that there are at present no applications pending in this office and that the Inspecting officers have called for applications from Correspondents of schools which, on receipt, will, if found in order, be submitted for sanction. The items noted by the Inspector of European and Training Schools being already either promised or sanctioned by the Resident may be given precedence and those mentioned by the Inspector of Schools, Fourth Circl may be considered on receipt of formal applications.

	600			(1) Increase is based on the actuals of the current year. Details for the distribution of grants are given in statement marked appended to the estimate.
	(1) 12760	(1) 130	Vide S 73 R	
	1200			(2) Some of the schools could not be given this years grants to the extent of the scale grant admissible under the Code of Regulations for European Schools in the Station. Hence the increased provision is proposed. The steady increase of children attending schools attributes also to this increase.
	(2) 54750	(2) 5180		
	(3) 3200	(3) 200		
	(4) 12000	(4) 10000		
	84510	15510		
(5) The increase is due to the current years allotment having been inadequate and the anticipated increase of applications for stipends for admission into the training class proposed to be opened in this station.	3000			(3) Increased provision is necessary owing the increase in the No. of Cadets.
	(5) 6000	(5) 5000		(4) Increase is due to the provision of the recurring grant of Rs 10,000 sanctioned by the Govt of India in Dept of Education No. 1308 dt 11th June 12, for relieving the Municipality of the grants-in-aid charges.
			Vide Rev. 1308
